EDUCATION COMMISSION

## Special eNews Bulletin

### QUANTIFYING DEBRIS EDUCATOR WORKSHOP DATE ANNOUNCED

The Louisiana Environmental Education Commission is very pleased to announce the next session of its cross-curriculum *Quantifying Debris* workshop, to be held June 25-27, 2014 at Rockefeller Refuge in Cameron Parish. Participants will discover the local flora and fauna with area biologists, conduct beach profiling, receive GPS training and up to 16 professional development hours, and return home with a multitude of lessons and activities for their classrooms.

The event is open to teachers from EPA Region 6, encompassing Arkansas, Louisiana, New Mexico, Oklahoma, and Texas.

Rope and cable were among the most common materials collected by QD participants.

Last year's participants pose with recyclable materials collected during the QD workshop.

Instructors include University of New Orleans Pontchartrain Institute for Environmental Sciences Coastal Education Program Education Specialist *Dinah Maygarden*, Louisiana State University Sea Grant College Program Marine Education Coordinator *Dianne Lindstedt*, and LA Department of Wildlife & Fisheries Endangered Species Education Outreach Biologist *Carrie Salyers*.

Meals and lodging are provided to *Quantifying Debris* participants.
